

DJIELA FOMO AYUK PARFAIT

Address: Buea, South West Region, Cameroon

Tel: (+237) 652768274

E-mail: djielaparfait99@gmail.com

PROFILE SUMMARY

A dedicated and innovative **Software Engineer** with a strong passion for web development, software design, and emerging technologies. Experienced in **React.js**, **Angular.js**, **PHP**, and **Python**, with a keen focus on **problem-solving**, **user experience**, and **software optimization**. Proven ability to lead development teams, mentor junior engineers, and contribute to impactful tech projects. Committed to leveraging technology to create solutions that drive business growth and societal impact.

SKILLS AND ABILITIES

Technical Skills:

- Proficient in **React.js**, **Angular.js**, **PHP**, **Python**, **HTML**, and **CSS**
- UI/UX Design using **Figma**
- Strong knowledge of **Git & Version Control**
- Web application development with **Next.js**
- Backend development and authentication systems
- Software engineering principles and best practices

Soft Skills:

- Strong **problem-solving** and critical thinking abilities
- Excellent **team collaboration** and leadership skills
- Effective **communication and mentorship**
- Time management and project coordination

EDUCATION & QUALIFICATIONS

University of Buea (2021 – 2024)

- B.Tech in Software Engineering

PROFESSIONAL WORK EXPERIENCE

Software Development Intern

Primus Cloud Solutions, Douala

August 2024 – January 2025

- Developing and optimizing web applications using **React.js and Next.js**
- Collaborating with a team to implement responsive **UI/UX designs**
- Troubleshooting and debugging application issues to enhance performance
- As a group project we developed a basic School Management System (Frontend & Backend) I was part of the Frontend team for this project.
- Completed simple Backend assessment projects with Python, using the FastAPI framework.

Web Development Intern

Boyong Lab Enterprise, Buea

August 2022 - September 2022 | June 2023 - September 2023

- Built dynamic web applications using **PHP, HTML, CSS, Angular.js, and React.js**
- Assisted in full-stack development and integrated RESTful APIs
- Conducted performance optimization and testing for applications

Customer Support Volunteer (HR Team)

Ajuoza, Buea

August 2022 - Present

- Provided technical assistance to users of the **Ajuoza mobile app**, a platform for recovering lost documents
- Improved user experience by identifying and resolving issues in the app
- Engaged with customers to collect feedback for continuous product improvement.
- Reached to applicants who are interested in doing an internship with the company.

PROJECTS

Role-Based Authentication System (Angular, Firebase, Node.js)

- Developed an authentication system where **admin approval** is required for new user access
- Implemented **secure authentication and user role management** features

CamairTour (React Native, 3D Interactive Display)

- Designed and built a **mobile tourism app** that helps users explore Cameroonian tourist sites through **3D interactive images**
- Integrated **location-based services** and optimized for mobile performance

PORTFOLIO & GITHUB

Portfolio: <https://iamperfect92.github.io/portfolio>

GitHub: <https://github.com/iamperfect927>

HOBBIES & INTERESTS

- Exploring new technologies in **cloud computing, AI, and cybersecurity**
- Engaging in **open-source development and coding challenges**
- Mentoring and sharing knowledge through **tech communities**
